Re: United States v. Andrew Joyner,
20 Cr. 505 (AJN)

Dear Judge Nathan:

I write to provide the Court with an update regarding Mr. Joyner's neuropsychological evaluation in connection with the above-captioned case. Earlier today, the Government informed me that BOP will afford Dr. Miranda Rosenberg a three-hour-long meeting with Mr. Joyner and will allow Dr. Rosenberg to bring into MDC Brooklyn all the items she requires except for a clipboard. Given this development, the parties agree that the Court's intervention is not required at this time. I have already booked Dr. Rosenberg's visit for November 29, 2021 at 10:00 a.m. and have submitted the paperwork necessary to clear her entrance into the facility. Accordingly, and without objection from the Government, I request leave to provide the Court with an update as to the status of plea negotiations on or before December 15, 2021. Further, should Dr. Rosenberg's evaluation not occur on November 29, 2021, I will promptly notify the Court. The parties further agree that the delay from today to December 15, 2021 should be excluded from Speedy Trial Act calculations under 18 U.S.C. § 3161(h)(7)(A), as this time is necessary to complete the neuropsychological evaluation and to advance a pre-trial resolution.
